What this file is for

This is sample content for a TEST BOOK. It exists so that checkout, payment, digital delivery and the storefront listing can be exercised end to end before a real title goes on sale. Nothing in this file is a real publication and nothing in it should be relied upon.

How delivery is verified

If you are reading this after buying the E-book format of the TEST BOOK, digital delivery worked: Shopify's Digital Products app sent this file within a minute of payment.
